

COBLES IN JAPAN

Kid's Camp!

Dear Violet, This year's camp was a special one as I teamed up with my son Shane to minister at Kid's Camp. Our theme this year was Bigger - Better - Stronger (for Jesus). We had a great time ministering and building relationships with the kids. This year Shane and I were counselors and I shared in one of the sessions. Shane also translated. We really believe that children are the key to reach this nation, so we equip them to be world changers as early as possible.

It was great having our boys home for the summer, but it was time to head back to school. Pray for the boys as they head back to their campuses on Oahu. Pray that they'll be a light, and get good grades. Btw this is Sean's last year of college!

Some of the college campus leaders came to see them off. Both Sean and Shane when ever in Japan jump into campus ministry and our leaders are grateful for their service. And we are grateful to serve as a family.

We hope you had a great summer. Our was busy but I believe very fruitful. Blessings and as always we are grateful to be a part our this partnership with you!

James, Karen, Sean, Shane and Amanda

Proverbs 10:5 "He who gathers crops in summer is a prudent son, but he who sleeps during harvest is a disgraceful son."
